

New Comprehensive Plan  
Task Force CAC

**The population within Southwest Austin is estimated to have grown to 66,018 as of September 1, 2009—up from the Census 2000 figure of 40,013.**

**This growth translates to an annualized rate of 5.7%, compared to the overall growth rate of the City during the same period of 1.9%.**

**In 2000, this area made up approximately 6.0% of the City's total population and now constitutes 8.5% of the total.**
